

## **Department of Biosciences and Territory**

### **- Profile:**

no. 1 Research Associate **letter b)** (art. 24 law no. 240/2010) Sector 05/B2 - COMPARATIVE ANATOMY AND CITOLOGY, AREA - 05 – BIOLOGICAL SCIENCES, SCIENTIFIC DISCIPLINARY SECTOR BIO/06 - COMPARATIVE ANATOMY AND CITOLOGY.

### **- Program of teaching activity, service to students and research activity:**

The research associate will conduct his/her didactic activities within the teachings of the Scientific Disciplinary Sector BIO/06 provided for the “laurea triennale” and “laurea magistrale” at the Department of Biosciences and Territory, The research associate will also have to manage the Laboratory of Molecular and Cellular Biology at Pesche (IS).

### **- Objectives of scientific productivity (publications, congress, and other products..) and the quality of scientific production:**

The research associate will have to document his/her research skills through a scientific production with international publishers on impact-factored and peer-reviewed Journals. He/She will have to be speaker at national and international scientific meetings. The scientific activity will have to be pertinent with the field of the Scientific Disciplinary Sector BIO/06 (Comparative Anatomy and Citology), with particular emphasis on cell biology studies.

### **- Place of the service activity: Pesche (IS);**

### **- Maximum number of publications to be presented: 15;**

### **- Foreign language of which knowledge is required: English**

### **- Modalities by which the researcher, periodically and at the end of the contract, must report back the results of the done work:**

Written report on research activities, with special emphasis on national and international collaborations with other resarch groups operating in the Scientific Disciplinary Sector BIO/06 and scientifically close sectors (BIO/05, BIO/10, BIO/11, BIO/13, BIO/18, BIO19).
