

## IUCLAND - International University Cooperation on Land Protection in European-Asiatic Countries

3 Years (1/10/2015 to 1/10/2018) [www.iucland.eu](http://www.iucland.eu)

### International Summer School on Land Protection

27 May – 3 June 2018 Whuan China

11- 17 June 2018 Shymkent Kazakhstan

2-8 July 2018 Zagabria Croatia

**The deadline for applications is 6 April 2018**

### Requirement and selection of student candidates

The Iucland Erasmus+ program (1/10/2015 to 1/10/2018) [www.iucland.eu](http://www.iucland.eu) supported by the Education, Audiovisual and Culture Executive Agency (EACEA) **provides 9 grants to Master and PhD student** for the participation at 3 summer school. In order to apply, it is necessary to submit a CV describing the academic and research career. No registration fee is required.

Students will be selected on the basis of demonstrated experience in agriculture and forest science, biology and environmental science. The admission will be established based on the evaluation of educational qualification (the score of academic records) and/or interview. The candidates will be awarded according to a rank order determined by taking into account the candidate's performance in the above mentioned evaluation process.

### Course Descriptions

The Summer School will last one week, providing a wide range of intensive courses on soil degradation, land degradation and best practices in Organic Agriculture and livestock productions, International Legislation on Land Protection; Environmental issues under a global climate change.

The standard course will be developed over **40 hours**, including lectures and technical activities (on field/laboratory), for a total **4 ETCS credits**.

### Organization

Lectures given by Faculty Staff from the five universities involved in IUCLAND project and international experts will provide updated overviews on research at the frontier of soil science, forest ecology, sustainable agriculture and livestock productions, land protection and environmental legislation. The classroom of the summer school will consist of lectures and discussions. At the end of the course a certification of the acquired credits will be released.
