Kick Off Meeting, 8 June 2021

## THE ACTION ERASMUS+ INTERNATIONAL CREDIT MOBILITY

In 2015, Erasmus+ opened up to individuals and organizations from other parts of the world to spend part of their studies in another higher education institution (HEI) in Europe.

Through "International Credit Mobility" - ICM for short - European HEIs can set up mobility agreements with partners around the world to send and receive students and staff.

## THE ROLE OF PARTICIPATING ORGANIZATIONS

- The sending and receiving organizations, together with the students/staff, must have agreed on the activities to be undertaken by the students – in a LEARNING AGREEMENT – or by staff members – in a MOBILITY AGREEMENT – prior to the start of the mobility period
- The agreements define the target learning outcomes for the learning period abroad, specify the formal recognition provisions and list the rights and obligations of each party

## CONDITIONS OF PARTICIPATION FOR STUDENTS

### Selection

- Students apply to their HEI who carries out the selection of participants in the mobility action. The selection of students – as well as the procedure for awarding them a grant – must be fair, transparent, coherent and documented
- The first criterion for selecting students will be academic merit, but with equivalent academic level, preference should be assigned to students from less advantaged socio-economic backgrounds
- Lower priority will be given to those who have already participated in mobility actions in the same study cycle under the Erasmus+ Programme

## CONDITIONS OF PARTICIPATION FOR STUDENTS

### Agreement with the student

- Prior to their departure, each selected student must sign an agreement which includes also a «learning agreement» setting out the programme of studies to be followed, as agreed by the student, the sending and the receiving organisation. The template is available at [http://ec.europa.eu/education/opportunities/higher-education/quality-framework\\_en.htm](http://ec.europa.eu/education/opportunities/higher-education/quality-framework_en.htm)
- The learning agreement defines the target learning outcomes for the learning period abroad and specifies the formal recognition provisions
