ART. 7

TITLES

The qualifications must be possessed on the date of the deadline for submitting the application to take part in the selection and must be attached to the application in one of the following ways

- in the original
- in a certified copy
- in a copy declared to be a true copy of the original with a special declaration in lieu of affidavit (Annex D).

Possession of the qualifications may also be the subject of a self-certification made in accordance with Articles 46 and 47 of Presidential Decree no. 445/2000, using the form in Attachment C, from which it is possible to clearly and circumstantially deduce the training and professional experience gained.

In the self-certification, the candidate must specify, in an analytical and precise manner, every element useful for the purposes of assessing the qualifications and carrying out the necessary checks on the truthfulness of the self-certified data (e.g. duration of the employment relationship - dd/mm/yy of beginning and end of the relationship, employer, training organisation, duration of the training course, etc.). This declaration must be signed and sent with the application together with a photocopy of the declarant's identity document.

The Commission will not assess the qualifications if all the elements and data necessary for their evaluation are not indicated.

Please note that, as provided for by Article 15 of Law no. 183 of 12 November 2011, certifications issued by the public administration regarding states, personal qualities and facts, as of 1 January 2012, are valid and usable only in relations between private individuals. In relations with bodies of the Public Administration and public service providers, certificates and affidavits are always replaced by the declarations pursuant to Articles 46 and 47, or by declarations in lieu of certification and affidavits in lieu of affidavits (Annexes C and D).

Documents and documents drafted in a foreign language must be accompanied by an Italian translation certified as conforming to the original text by the competent diplomatic or consular authorities or by an official translator.

The above-mentioned qualifications may not be awarded a total score higher than 30.

The categories of assessable titles and the corresponding points are as follows:

- Certificates of qualification and/or specialization issued as a result of attendance at professional training courses, only with a final grade, provided they are relevant to the post advertised: maximum attributable score **5**;
- Scientific qualifications and publications: maximum attributable score **10**;
- Professional experience in public or private entities provided it is relevant to the profile sought: maximum attributable score **15**.

Only the qualifications submitted by the candidate in the manner provided for in this article are assessable. The evaluation of the titles shall be carried out after the written test and before proceeding to the evaluation of the related paper, taking into account the criteria for the attribution of scores within the individual categories of evaluable titles.

At the end of the selection procedure, sixty days after the publication of the merit list on the University's Bulletin Board, this Administration shall return the documents attached to the application to the candidates who have expressly requested them. The documents must be collected from the *Technical-Administrative Staff Recruitment Office* by the interested party or his delegate within thirty days from the expiration of the aforementioned deadline, after which the titles will no longer be returned.

ART. 8 RANKING FORMATION AND APPROVAL OF ACTS

At the end of the examination tests, a merit list will be drawn up according to the descending order of the total score obtained by each candidate, based on the sum of the marks obtained in the written test and the oral test. To this sum will be added the marks awarded to the qualifications.

For the formation of the merit list, the provisions in force regarding preference and precedence referred to in Article 5, paragraph 4, of Presidential Decree No. 487/ 1994 will be observed in the case of equal scores.

On the basis of equal merit and qualifications, preference shall be determined:

- 1) by the number of dependent children, regardless of whether the candidate is married or not;
- 2) by having served with distinction in the civil service.

Pursuant to art. 3, paragraph 7, of Law No. 127/1997, as amended by art. 2 of Law No. 191/1998, if two or more candidates obtain, at the conclusion of the assessment of qualifications and examination tests, the same score, the candidate younger in age is preferred.

Candidates who have passed the interview must send, on their own initiative, to the *Director General of the Università degli Studi del Molise - Technical-Administrative Staff Recruitment Office - Via de Sanctis s.n.c. - 86100 Campobasso*, within the peremptory deadline of fifteen days from the date of the oral test, the documents, in original or certified copy, certifying the possession of the titles of preference and/or precedence, referred to in Article 5 of Presidential Decree no. 487/1994, assessable on the basis of equal merit and equal titles, already indicated in the application for participation in the selection.

The certified copy may be substituted by a special declaration in lieu of affidavit, made pursuant to Article 19 of Presidential Decree No. 445/2000, as supplemented by Article 15 of Law No. 3/2003, attesting to the conformity to the original of the copy of the document in the candidate's possession or of the document issued or kept by a Public Administration.

This documentation must be received, within the above deadlines, in one of the ways indicated in Article 3 of this notice of competition.

The competition acts, together with the general merit list, in which the winner is indicated, with observance of the preferences/preferences, are approved, under the condition precedent of the verification of the requirements for admission to employment, by a measure of the Director General published in the Official University Bulletin Board online at <http://www.albo.unimol.it> and on the website at <http://www.unimol.it> - Notices of Tenders and Competitions / Competitions / Technical-Administrative Staff/ Public competitions for fixed-term contracts.

Notice of such publication will be given by means of a notice in the Official Gazette of the Italian Republic. From the day following that of the aforementioned notice, the terms for any appeals will begin.

ART. 9

Under no circumstances may the fixed-term employment relationship be transformed into a permanent one. Pursuant to current regulations, the Administration shall, within thirty days of employment, verify the statements made by the successful candidate in the application regarding requirements and qualifications. In case of false statements or untrue data, the contract shall not be entered into, or, for relationships already established, shall be immediately terminated. It also entails the immediate termination of the employment relationship if the candidate fails to take up employment within the stipulated time, unless proven and justified reasons for impediment.

ART. 10
