

Department of Humanities, Social Sciences and Education

Position:

Selection procedure for recruiting a university Full Professor, in accordance with article 18, paragraph 1, Law 240/2010 in the Competition Sector 08/E2 RESTAURO E STORIA DELL'ARCHITETTURA (Restoration and history of architecture), Scientific Disciplinary Sector ICAR/18 STORIA DELL'ARCHITETTURA (History of architecture).

Specific functions the candidate will have to carry out, teaching and scientific commitments:

Teaching activities:

The candidate has to be able to teach in the field of 08/E2 Competition Sector and particularly in ICAR/18 Scientific Disciplinary Sector, in accordance with national regulations for Full Professors. The teaching load will be carried out within the programs offered by Department of Humanities, Social Sciences and Education (SUSeF) and, subordinately, of other Departments of the University, with particular reference to the history of the architecture and to the urban history from late eighteenth century to contemporary and to the history of the productive landscape of the Southern Italy, investigated in a unified national and European context. The teaching load also includes office hours, tutoring, assistance to students in drafting their honor and master thesis.

Research activities:

The candidate must have the ability to carry out research activities in the field of the 08/E2 Competition Sector, ICAR/18 Scientific Disciplinary Sector, especially as far as the history of the architecture and the urban history from late eighteenth century to contemporary and the history of the landscape and territorial heritage in the inner areas.

The candidate must demonstrate continuity in research activity in order to obtain relevant results in the forthcoming VQR assessments of the Department of Humanities, Social Sciences and Education. The professor may be required to prepare and submit projects aimed at obtaining competitive funding, as well as an active and proactive role in the implementation of departmental projects aimed at acquiring external resources.

Nationally recognized quality standards and any additional elements of scientific qualification:

Multi-year scientific competence and didactic continuity in the 08/E2 Competition Sector with reference to ICAR/18 Scientific Disciplinary Sector are required, especially as far as the history of the architectural heritage from late eighteenth century to contemporary in relation to the political, institutional, economic and cultural contexts. Further qualifying elements will be national and international scientific-academic experiences, with participation and coordination of national and/or international research projects and activities.

Maximum number of publications that the candidate can submit: 12 (twelve).

Place of employment: Department of Humanities, Social Sciences and Education (SUSeF).
